

Freemans Bay After School Care provides safe, fun, supervised programmes which cater for the needs of primary school children. Our programmes provide constructive opportunities for children to use their leisure time creatively in a caring and positive environment.

The programmes will be structured to provide opportunities for children to play and enjoy themselves, to be treated fairly with dignity, respect, attention and support from staff. A positive, child-focused and culturally-responsive environment. The programmes are MSD (Ministry of Social Development) approved which means that parents can access the childcare subsidy.

Before School Care Programme from 7:00 am – 8:45 am

After School Care Programme from 3:00 pm – 6:00pm

We provide breakfast at Before School Care and afternoon tea at After School Care.

The following activities are offered on a daily basis:

- Free outdoor play.
- Assistance with homework.
- A planned arts and crafts project.
- Free use of art and craft material.
- Free use of games, toys, and art & craft materials.
